

NCI Smoke-Free Meetings Policy

Smoke-Free Jurisdictions List *January 2007*

smokefreemeetings.cancer.gov

In July 2006, the National Cancer Institute (NCI) announced a new [smoke-free meeting policy](#) requiring that all meetings and conferences organized or primarily sponsored by NCI be held in a state, county, city, or town that has adopted a comprehensive smoke-free policy.

For purposes of meeting planning, NCI considers a jurisdiction (state, city, town, or county) smokefree if it provides employees and the general public complete or near complete protection from secondhand smoke in enclosed workplaces, including restaurants.

- As of January 2007, there are seventeen (17) states that are entirely smoke-free, plus the District of Columbia:
